## 🪪 PROFILE

Junior professional in data analytics who has earned both the IBM Data Analytics Certificate and the Google Data Analytics Professional Certificate. I have worked as a freelancer in the data analytics field for over 6 months, and I possess great understanding and proficiency with platforms for effective data analysis, including R, SQL, Excel, and Tableau. Strong communication, organizational, and analytical skills.

## 🧠 SKILLS

- R Programming
- Data Cleaning and Exploration
- Microsoft Excel
- SQL and Relational Databases
- Tableau
- Microsoft PowerPoint

## 💼 PROFESSIONAL EXPERIENCE

**Data Analyst,** *Freelancer*    Jul 2022 – present
- Performed extensive data cleaning and visualization in geospatial, finance, retail, and business analytics for clients and witnessed a 50% rise in recommendations and profits.
- Offered consulting services to other data professionals on data cleaning and visualization processes and witnessed 98% customer satisfaction.

**Data Analyst Mentor and Coach,** *Freelancer*    Jul 2022 – present
- Offered guidance and counselling to prospective data analysts, offering a roadmap to completion of data analytics certificate to 3 mentees and witnessed 100% success.
- Guided several younger data professionals in creating their portfolio projects in R, Microsoft Excel, SQL, and Tableau and achieved 100% success.

**Science Teacher,** *Brainworld International School*    Oct 2021 – Jan 2022
- Taught STEM subjects to junior secondary school students 20hours/week and recorded an 85% increment in students' performance in exams compared to preceding term.
- Carried out several scientific practical in the laboratory and witnessed a 76% increment in students' abilities to understand scientific concepts taught in class.

## 🎓 EDUCATION

**Bachelor of Electrical Engineering,** *University of Benin*
CGPA: 4.2 out of 5.0 overall (Second Class upper division)

**Business Management,** *King's London College (Online)* ⬈    Jul 2021 – Sep 2021

**Communication and Interpersonal Skills at Work Certificate,** *University of Leeds (Online)* ⬈    Jul 2021 – Sep 2021

**IBM Data Analytics with Excel and R Professional Certificate** ⬈    May 2022 – Dec 2022

**Project Management Professional Certificate** ⬈    Sep 2022 – Dec 2022

## 📁 PROJECTS

**Flight Delay Analysis,** *R programming* ⬈
In this project, I made use of flight data to study patterns and trends in airline delays. I made use of R to clean, perform exploratory analysis, create visualizations, and finally create an R-shiny dashboard.

**Global Mental Health Disorder Analysis,** *SQL, R, & Tableau* ⬈
In this project, I explored world trends in mental health disorders using SQL queries via an RODBC connection in R. The visualization was made using Tableau.

**Adidas Sales Analysis,** *Microsoft Excel* ⬈
In this project, I used Excel to clean an Adidas sales dataset and created a dashboard to monitor key performance indicators.
